

# Corrigendum to «Exploration of some proteomic techniques: Western blot, Dot blot and two-dimensional electrophoresis, complemented by mass spectrometry» Invest Discapacidad. 2024; 10: 187-202. Doi: 10.35366/118258

Iván Pérez-Neri\*

The journal's Editorial Office received a message from author Karina Martínez-Flores noticing that part of her last name was omitted in a manuscript.<sup>1</sup> We verified that a complete last name appeared in the submitted files but was unintentionally lost during the editorial processing by journal's mistake. The submission metadata were corrected accordingly. We deeply apologize for this error. Thus, the authors' list for this submission should be amended as follows:

*López-Macay A, Montes-Sánchez D, Narváez-Morales J, Salas-Paniagua M, Barrios-Aguilar S, Zamudio-Cuevas Y, Fernández-Torres J, Martínez-Flores K.*
